JUNGMANN®
Systemtechnik

With GrabberIP distances are no longer a benchmark

Do you want to access information from worldwide locations? Integrate decentralized systems? With GrabberIP, geographical distances are no longer a benchmark. The myGUI® graphical user interface makes data exchange with the remote control center or the standby team child's play.
REQUEST A QUOTATION

This subpage is currently under construction

In the discipline of control room equipment, we are experiencing unprecedented challenges. New concepts and systems are in demand. In the JST development labs, standing still is a non-existent word. The launch of new solutions for highly efficient control rooms is imminent. Please be patient a little longer. The contents of this page are currently being prepared for you.

Would you like to learn more about GrabberIP ?

I would like a callback for a non-binding consultation from the control room specialists at JST!

0800 777 8 666

Schedule a telephone consultation appointment. The consultation is **free of charge and without obligation**.
