What clients report about their experience with JST – Jungmann Systemtechnik®

„When comparing with other equipment suppliers, it was clearly seen, JST has great experience in terms of ergonomics and design.“

E&I Engineering BASF SE

TO THE PROJECT

„The feeling of working with professionals at JST runs like a thread through the entire project handling – from the needs assessment on the customer side to the actual implementation.“

Operations Manager GEW Network Control Center

TO THE PROJECT

Volkswagen

„We have achieved significant improvements in terms of work quality – this is also confirmed by the feedback from colleagues.”

technical IT specialist // subdivision manager material control center

TO THE PROJECT

SWM
MAGDEBURG

„These newly equipped premises also have something to do with appreciation of the employees. There’s a difference between using a windowless office in the basement and a room with daylight and high-quality furnishings.”

Head of Dispatching / Network Management

TO THE PROJECT

TRAVE.NETZ

„Technology, ergonomic furniture and large-screen displays – all from a single source. That was one of the convincing reasons why our decision fell on JST.“

Head of Network Control Center

TO THE PROJECT

„Every one of our employees is thrilled. Visitors who enter the Operations Center are also impressed. When guests from the airport or Lufthansa come to us, they always say: This is going to be the new standard at Munich Airport.“

Operations Management Officer

TO THE PROJECT

„When we talk about state of the art today, it is essential to think about modern workplaces as well!“

Sales Manager IT and Automation

TO THE PROJECT

„Great products, great service and at every point of our cooperation we met a very friendly team from JST“

Managing Director
