## Your visit in our control room simulator: directions and hotel information

You will find us here:  
Bahnhofstraße 75  
21629 Neu Wulmstorf  
Germany

Calculate route using  
Google Maps

## Arrival by car

Our head office and the control room simulator are located directly opposite Neu Wulmstorf railway station.

The entrance to our underground car park is located to the left of our company headquarters at Bahnhofstraße 75 (red brick building). Simply ring the bell and our reception will open the barrier for you. Select the marked JST parking spaces in the underground car park and then use the staircase to Bahnhofstraße 75.

### Important note for the navigation system:

Although the correct address of our head office is Neu Wulmstorf, Bahnhofstraße 75, please make sure to **use “An der Bahn 2” for your navigation system!** This entry will take you directly to the entrance to our underground car park.

**Tip:** Wallboxes are available on site for visitors

## Arrival by train

For the shortest journey, we recommend you choose Hamburg Central Station. From there, the S-Bahn line S5 will take you at 10-minute intervals to your destination, the Neu Wulmstorf stop, in just 36 minutes.

Our head office and the control room simulator are located directly opposite the S-Bahn station. For your visit, please use the entrance on the right-hand side of the red brick building Bahnhofstraße 75.

## Arrival by plane

We recommend Hamburg Airport!

**!** Due to the tight traffic situation in the Hamburg area, we recommend taking the S-Bahn to Neu Wulmstorf from “Hamburg Airport Helmut Schmidt”. This is the fastest way to reach the JST control room simulator.

### Alternative:

You will be picked up by a free shuttle service at the terminal and taken directly to our front door in Neu Wulmstorf, Bahnhofstraße 75.

Please add an additional 60-70 minutes to your check-out time at the airport.

We will be happy to organize the shuttle service for you!
